

ENVIRONMENTAL, HEALTH & SAFETY

Environmental, Health and Safety Management is a critical field, overseeing protection for employees, customers and the environment, as well as leading sustainability efforts. EHS personnel must be able to identify potentially hazardous materials, offer proactive steps to avoid problems, implement safety training programs for employees and ensure that equipment and work processes meet industry and government standards.

Ropella understands the unique recruitment challenges faced by this diverse industry. Our understanding of your company, your customers and current industry trends means our executive search consultants can find just the right fit, quickly and efficiently. As talent acquisition experts, we excel at attracting, recruiting and building relationships with the best minds in the industry.

We have proven our ability to help companies grow and prosper by developing their most important competitive advantage — skilled people. Successful industry leaders count on Ropella to find the right talent to drive their business forward.

Look for our articles in *EHS Today* and other industry publications.
